## Transparency return 2019 Rounding and suppression

The data in tables 1a, 1b, 2a and 2b have been rounded and suppressed as follows:

- Numerators and denominators have been rounded to the nearest 10. Where the numerator or denominator rounds to 20 or less, the data will be suppressed with an 'N'.
- Percentages will be rounded according to the smallest, unsuppressed denominator with a given mode and characteristic. If the denominator rounds to:
  - 50 or less: percentages are rounded to 5%
  - 1000 or less: percentages are rounded to 1%
  - More than 1000: percentages are rounded to 0.1%
- 'N/A' is displayed where there is no provision in a given mode or level
- 'DP' indicates suppression for data protection reasons. This is applied where the numerator is two or less, or differs from the denominator by no more than two students.
