

What Fees Would I Pay?

For each course there are two levels of fees; your residential history (where you have been living and with what status) for the past three years will determine which of the two you will be charged. As with most providers the different levels are referred to as **Home**, which also includes EU/EEA and **International**. Although students from the UK and other EU countries all pay the same fees the rules to qualify as a *Home* student differ.

Please see below for a list of the course fees for each of our **2020/21** courses:
