

MA FINE ART APPLICANTS

Thank you for your interest in this course. We recommend that you allow plenty of time for travel and aim to be at the Art School 10-15 minutes before your appointment in order to avoid delays caused by transport difficulties.

Our Postgraduate applicants come from a wide range of backgrounds, from professional practicing artists to recent Fine Art graduates and those who have been working or studying in related fields such as architecture or design. We therefore ask you select relevant material to bring with you such as examples of undergraduate course work, documentation of relevant professional projects, drawings, photography, sketchbooks or notebooks and anything else that you think will support your application. We are not expecting you to present a portfolio in any particular format – we want to see anything that you consider relevant that helps you to show us your knowledge of and commitment to the subject and your experience in Fine Art and/or related fields. We also ask you to bring an example of an essay or other piece of academic writing, to the interview. If some of your work is very large or fragile, making it impractical to transport, please bring good quality photographic reproductions or high-quality digital images on a USB stick instead.

We encourage you to inform us in advance if the arrangements for your interview require adjustment due to an existing condition or disability. For example, if you might require more time or specific access arrangements or other support. Our aim is to ensure that all eligible applicants are given a fair opportunity to demonstrate their potential to study on the course.

SELECTION CRITERIA FOR MA FINE ART

At interview by viewing your work and your responses to questions we are seeking to determine the extent to which you can:

- demonstrate commitment and motivation for the subject and the course;
- explore, articulate and develop your ideas as visual and material outcomes;
- creatively research information and visual material to support the development of your ideas;
- demonstrate a range of skills and technical abilities appropriate to your developing art practice;
- communicate ideas visually, verbally and in writing;
- self-direct and evaluate own work.

INTERVIEW QUESTIONS FOR APPLICANTS

To help us get an initial overview of your work, you will be asked to leave your portfolio and work with the interview team 5 to 10 minutes before you join them. The interview itself will be relatively informal and we want you to feel comfortable and confident.

To ensure fairness and to help you prepare, we have agreed upon a set of key questions that all applicants for MA Fine Art will be asked at interview. These are set out below.

We advise you to consider how the work that you plan to bring can best support your responses to these questions.

Please remember that the purpose of the interview is to enable you to demonstrate, and help us to see, your potential to study on the course. You should also use your interview visit as an opportunity to get a good idea about the Art School: our values and ethos, the course, and what studying here would be like and we encourage you to ask questions and see the interview as a two-way process.

Key questions:

1. Why are you interested in doing an MA at this point in time?
2. Why have you decided to apply to this particular course; what does it offer that will help you to achieve your ambitions for your practice and/or your career?
3. We'd like to know more about your work, can you start by telling us what you do in one sentence?
4. Talk us through a piece of your work, choose something that feels significant in terms of your development as an artist to date.

What did you learn from making the piece of work?

5. How does research influence the work that you make? You can use an example from your portfolio to illustrate your ideas.
6. Is there a particular body of work or a line of enquiry that you'd like to develop on the MA?
7. Do you have any questions for us?

Supplementary questions may also be asked about your portfolio or to follow on from your responses to the key questions.
